Program

## Wine tasting at home

### Full day Chablis, St Bris, Irancy, Coulanges, or Epineuil vineyard discovery.

I come to your place and organise a real initiation to oenology and wine tasting.

We will study the different steps of the wine making.

According to the area chosen, we will review the various appellations, their sun exposure and the typicity of the soil.

In a cheerful and interactive way, you will learn the steps of wine tasting, the aromas and flavours of wine, and the words used for this.

Then "the nose in the glass", you will put this knowledge into practice.

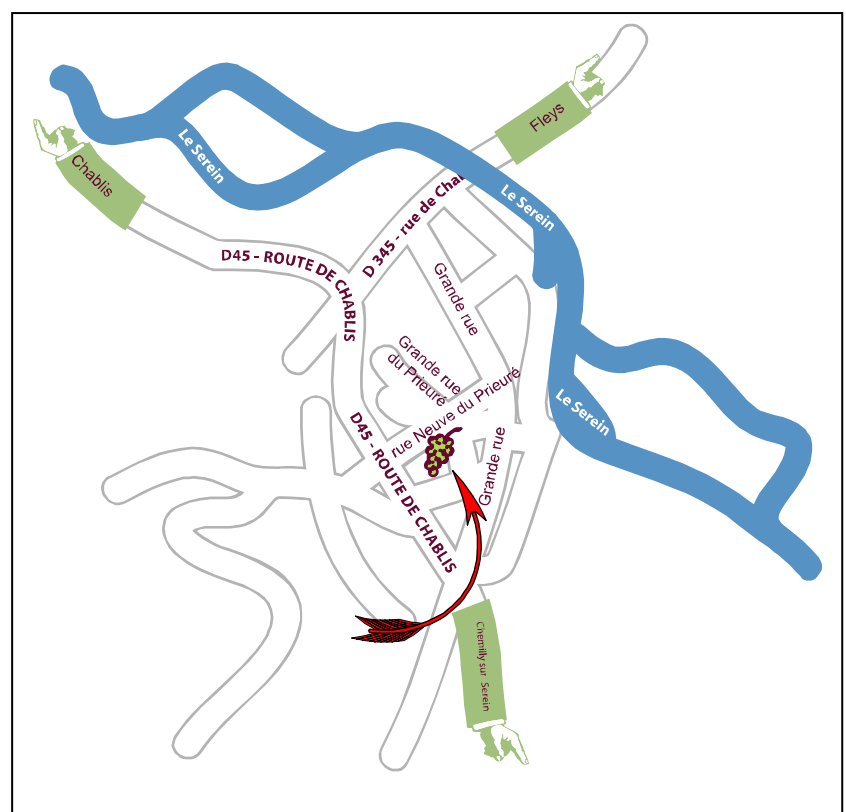

Wines of "Au Coeur du Vin" or your own wines.

Glasses lent by "Au Coeur du Vin" (professional glasses)

Diploma given to each member.

In Yonne and Paris

- All through the year
- 2 to 3 hours
- estimate on request
