

"Parlons peu, mais parlons vin !"

## Heart of Yonne

### Full day Chablis, Saint Bris, Irancy or Epineuil vineyard discovery in 2CV

**During: 7 hours**

#### **Morning**

Departure from the Chablis tourism office

In the famous old fashion French car "Citroen 2CV", we will start with the discovery of the Chablis vineyard: in the heart of the vines, I will give you all information about subsoil, sun exposure, the Chardonnay variety, and the different Chablis appellations.

Walking through the famous Grand Cru vineyards, you will learn about the vine seasons and work. According to the season, you will discover the pruning, the topping and trimming or the harvest, closest to the men of wine.

Back to the village of Chablis, we will visit a cellar and meet a wine grower. He will explain his work, and the different steps of the wine making.

We will finish with the tasting of the wines, and discover aromas and flavours, and the words used for this.

#### **Lunch**

Together, we will have lunch in a restaurant of Chablis or nearby, where we will continue our discovery of the world of wine around traditional dishes.

#### **Afternoon**

With the 2CV, we will go to Saint Bris and Irancy, or Epineuil vineyards. You will learn about the various wines, the vines varieties, the sun exposure, and the subsoil of each appellation.

The visit will continue with the discovery of one Domaine, the meeting with the wine grower, and a tasting of his wines.

Eyes and taste buds delighted, it will be time to go back to Chablis.

For your pleasure, a list of terroir produce shops and selected tables is available.

**Cost/pers: 135 € - 1 to 6 persons (transport in 2CV and lunch included)**

**95 € - 1 to 8 persons (customer's vehicle - lunch included)**

**More than 8 persons - estimate on request**
